AMENDMENT #1

CONTRACT #00000000000000000000060243

This is an Amendment to the Addendum (the "Addendum") entered into by and between the Indiana Family and Social Services Administration, Division of Family Resources (the "State") and WEST PUBLISHING CORPORATION, A THOMSON REUTERS BUSINESS (the "Contractor") approved by the last State signatory on March 24, 2022.

In consideration of the mutual undertakings and covenants hereinafter set forth, the parties agree as follows:

1. The purposes of this Amendment to the Addendum are to shorten the term, add duties to the Form Contract, and add consideration.

2. The Addendum term is hereby **shortened by one month** in order to conform to federal funding. It shall terminate on **September 30, 2023**.

3. The following services are added to the Addendum's original **Form Contract West Publishing Corporation Statement of Work**:

   a. Transfer of Indiana State case information and documentation on any and all cases of whatever type, at any phase, from any Division of FSSA, out of the Case Management system currently used by FSSA (the FSSA CODY System). Vendor acknowledges that the case information to be migrated from the FSSA legacy system (CODY) contains client personally identifiable information. Thus, it requires the State and the Vendor to protect the privacy and confidentiality of that information at all stages;

   b. Acceptance of that case information and associated documentation into the Vendor's fraud analytics (Fraud Detect; formerly FraudCaster®) and case management solutions (CaseTracker™) known collectively as the System, which will be delivered to FSSA and implemented, pursuant to the main Addendum contract between the parties; and

   c. Deployment of that case information in the Vendor System, such that those cases which are in an open or pending status, may be managed to closure or completion using the vendor CaseTracker™ module of the System platform.

   These duties are provided in addition to the duties outlined in the original Form Contract West Publishing Corporation Statement of Work. The new duties do not replace or supersede any duties established by the Form Contract.

4. The consideration for this Addendum is increased by **$43,000.00**. Total remuneration under the Addendum is not to exceed **$787,000.00**. The added consideration shall cover the additional effort involved in planning and execution of the transfer and set up of the FSSA CODY System data on Benefits cases, currently housed by CODY Computer Services, Inc., as outlined in the additional duties provided above. Disbursement of the increase in funds to the Contractor shall accrue once all the FSSA Benefits case information and associated documentation in the CODY System is transferred and set up for access in the Contractor's system. The payment shall be made in one lump sum, once accrual is complete.

All matters set forth in the original Addendum and not affected by this Amendment shall remain in full force and effect.
